DIGITAL BARCODE VALIDATION - Important: These steps must be followed in the exact order listed. Skipping or reversing any step will prevent the barcode from applying the correct price.

Entry

1. At the entry kiosk, tap, insert & remove, or swipe a credit or debit card.
2. The gate will open — proceed to park — The last 4 digits of your card serve as your ticket number.

Exit

3. Pull up to the exit kiosk. If your transaction does not appear automatically on the screen, tap, insert, or swipe the same card to bring it up.
4. Scan the barcode below. Your total will be adjusted to \$8.00. Pay using any credit or debit card.
5. The gate will open. You will be prompted on screen if you'd like a receipt.
